## Illinois Minor Confidentiality and Consent Laws

### ILLINOIS CONFIDENTIALITY/MINOR CONSENT LAWS

A minor is a person under the age of 18. A mature minor is someone under the age of 18 who is married, pregnant or a parent.

IL age of consent: 17

Age of Consent is the age at which a person's consent to sexual intercourse is valid by law. Illinois law requires a minor who seeks medical treatment to obtain consent from a parent or guardian. There are, however, several exceptions.

**Patients ages 12 and up have the right to the following WITHOUT parental/guardian consent:**

- Pregnancy testing and prenatal care
- Birth control information and contraceptives
- Testing and treatment for sexually transmitted diseases (STDs)
- Anonymous HIV testing (some restrictions apply)
- Counseling and treatment of any disease or injury suffered from acts of sexual assault or abuse

**MINORS NEED A PARENT/GUARDIAN'S CONSENT FOR:**

- Vaccines

**HEALTH CARE PROVIDERS MUST OVERRIDE THE MINOR'S CONFIDENTIALITY AND REPORT IF:**

- There is suspicion of abuse by an adult
- The minor is a risk to themselves or someone else

### DISCLAIMERS

**About fees** - All providers included in this guide provide services for either low cost or no cost. Contact the provider for more information about fees.

**About Title X services** - CONFIDENTIALITY: If maximum confidentiality is important to an adolescent, then community-based family planning health centers (such as Title X clinics like the Will County Community Health Center or VNA Health Care) offer maximum privacy protections at low or no cost. Clinics offering Title X services will be marked with .

**About listed services** - Not all providers offer all services listed within their respective section. Please contact the provider, or visit their website, to verify services.

### ABORTION SERVICES

A pregnant minor may consent to abortion services without parental consent. However, an adult family member—i.e., someone over 21 years of age who is the minor's parent, grandparent, stepparent who lives in the minor's home, or legal guardian—must be notified 48 hours before the abortion is performed.

Please know you have other options that do not include telling your parents - it's called **Judicial Bypass**. For some minors, telling your parents about a pregnancy may lead to significant harms, including physical or emotional abuse, being kicked out of your home, being forced to continue the pregnancy against your will, or dangerous attempts to self-abort the pregnancy. For more information on how to obtain judicial bypass please visit [www.ilbypass.org](http://www.ilbypass.org).

### ILLINOIS SAFE HAVEN

If you have given birth within the past 30 days and are in crisis, you can anonymously hand your unharmed baby to staff at any Illinois hospital, fire station, police station, or emergency medical services provider per the Illinois Safe Haven Law. Your baby will be placed with a loving adoptive family.

### HEALTH SERVICES FOR IMMIGRANTS

The Will County Health Department and Community Health Center provides services regardless of a patient's immigration status.

## BIRTH CONTROL SERVICES

### Servicios anticonceptivos

Providers listed in this section offer various birth control options and services, such as: counseling on birth control options, prescribe and provide birth control, and may offer free birth control or condoms.
