The Mobile Pantry is a traveling food pantry that provides food to high-need communities with limited resources. The set-up is much like a farmer’s market where neighbors in need can choose the food that meets their dietary preferences. Mobile pantries provide thousands of pounds of food for up to 250 families. These trucks provide fresh produce, protein, and non-perishable foods to our hungry neighbors.

**2019 Mobile Pantries Success**

- **20 MOBILE FOOD PANTRIES**
- **111,480** Total Pounds of Food Served
- **1,999** Total Households Helped
- **92,598** Total Meals Served
- **6,412** Individuals Served

**FOOD INSECURITY GOAL: 2023**

- Decrease the percentage of residents with low to no food access in Will County to **25%**
- Decrease the percentage of low income population that has low food access to **5%**
- Decrease the percentage of the population that is food insecure and ineligible for assistance to **35%**
