The Will County Community Health Center is providing COVID-19 testing free to anyone who wants to be tested. You will not receive a bill for this test and the health center will not collect any money at the location. If you have insurance, a small administrative fee will be billed directly to your insurance by the Illinois Department of Public Health to cover the cost of processing the sample at the laboratory. **You will still be able to receive the free test if you don't have insurance.**
