Let's show everyone that Will County is ALL IN!

Every day we do things that keep us safe, like putting on a football helmet. But if we forget, or don’t do them (even once), we put ourselves and others at risk. A mask is no different. It only works if you wear it. So always wear a mask when you’re out in public to protect yourself and others.

We’re all safer and stronger when we go all in, Illinois.
