# WELL-CARE VISIT

A visit with a health care provider that focuses on keeping adolescents (11-21) healthy by addressing risks before they are a big concern. A comprehensive well-care visit includes:

- A physical exam
- Immunizations
- Screenings
- Developmental assessment
- Oral health risk assessment
- Referrals for specialized care if necessary

Pediatric and family practice providers also provide the following services:

- Sick visit & injury evaluations
- School physicals
- Sports physicals
- Evaluation, diagnosis, and treatment for all diseases affecting children

**(815) 727-8670**
