HIV/STI PREVENTION SERVICES

HIV/STI PROGRAM SERVICES

FREE RAPID HIV TESTING

Anonymous and confidential HIV testing is fast and easier than ever with results from a finger stick test in **less than 20 minutes**.

While waiting for your results, our team will discuss your risks for contracting HIV and explore options to help you prevent HIV.

Call **(815) 727-8830** to request your free rapid HIV test.

CARE CLINIC (PrEP)

In partnership with the Community Health Center, we offer a specialty clinic designed to serve those at high risk of contracting or transmitting HIV. Services include PrEP, HIV/STI testing and treatment, vaccinations, and more. Call **(815) 727-8830** to schedule an appointment.

FREE RISK REDUCTION MATERIALS

We have male and female condoms, lubricant, dental dams, and more for you to stay protected whenever needed.

COMMUNITY OUTREACH

Our team travels throughout Will County several times each month to provide free rapid HIV testing, risk reduction materials, and education.

FREE EDUCATIONAL MATERIALS

Brochures, pamphlets, palm cards, and more are available to give you the info you need to take charge of your health.

ANONYMOUS PARTNER NOTIFICATION

Our team can help ensure your partners know of possible STI exposure without sharing any identifying information.

COMMUNITY EDUCATIONAL PROGRAMS

Upon request, our team can provide education sessions, panel discussions, and table at health fairs.

HIV+ LINKAGE TO CARE & CASE MANAGEMENT

Our case managers help connect people living with HIV to various medical and social services in their community.
